

The Heidelberger Fecht-Club, as a department of the TSG Rohrbach,  
is looking for an

## Épée Coach (m/f/d) – Full Time or Part Time

As part of Heidelberg's largest sports club, our fencing department comprises around 200 members of all age groups and a wide range of skill levels. Our goal is to continue our international success in U20 and senior fencing while also strengthening our position as a regional center for youth performance sports through innovative concepts.

### We offer:

- A modern fencing hall with eight permanently installed pistes in a large sports complex
- Knowledge exchange with our head coach Didier Ollagnon
- Creative freedom for your own ideas
- Support from a motivated coaching and management team
- Positive working atmosphere in a family-like club environment
- High quality of life in an international university city

### We are looking for:

- An open-minded, cooperative personality
- Prior coaching experience
- A team-oriented and motivated attitude
- Fresh ideas to support athletic development
- Interest in an active club life
- German language skills
- Strong willingness to pursue further coaching education

### Main responsibilities:

- Creative planning and execution of group training sessions and individual lessons for youth athletes
- Close cooperation with Didier Ollagnon and the sports management, including coordination of the coaching team
- Competition planning and athlete support
- Special promotion of youth talent
- Leading training camps and workshops

Please send your detailed application including salary expectations by August 21, 2025 to:

## About us

- We are a well-established fencing club that focuses on epee and offer training for different groups every day of the week.
- Our 200 members can both do hobby sport as well as competitive fencing on a very high level. They have already competed at European and World Championships and have won several medals at German National Championships.
- We care a lot about our young talents and have several cooperations with local schools. We are closely aligned with the Heidelberg University so students can combine their studies with their fencing ambitions.
- We are lucky to have a strong base of senior and veteran fencers who can pass on their experience.
- Our club is known in Germany for an extraordinary great team spirit. We see our members as part of a club family.
- It is our philosophy that you can learn a lot from fencing for life thus we focus on a holistic education.
- We want everyone to feel welcome and included in our club which is why we also offer wheelchair fencing.
